The Page County Board of Supervisors met in session on this 22nd day of August 2017, with Jon Herzberg, Chuck Morris and Alan Armstrong present. On a motion by Armstrong, seconded by Morris, the board approved the agenda. Present from the public were John VanNostrand and Kris Grebert.

King met with the board. Blades are out and crews are hauling rock. He stated the schedule for the workers will fall back to five eight hour days starting September 18, 2017. The bill for truck #30 has been sorted out. Dirt work has begun on the Shambaugh Bridge. King will attend ISAC later this week. King also wants to drive the board by Teak and 314th Street. Morris raised concerns about Davison returning before he is fully ready to return to work. Armstrong stated he worries if he steps out and gets injured it is too high of a risk. Herzberg stated Davison needs to wait until he is fully ready to return. Morris stated the board needs to make this decision, and then a visit with workmen's compensation needs to happen before he is allowed to come back to work. Morris also stated that on all workman's compensation injuries drug tests are performed. Morris wanted to know if they could get the update from the engineer emailed by Monday. Morris also informed King not to use the county truck for personal use.

The board took a road tour. They travelled T Avenue where they viewed the base stabilization/seal coat project and continued to the Shambaugh Bridge. Next they travelled J53, a Farm to Market Route, to Teak Ave where they checked on the intersection at Teak Avenue and 314th Street. They continued on J55/320th Street to Braddyville. From there they took J64/310th Street to M48 to J52/270th Street, where they looked at the Washington 4 Weir Repair Project. Then they went on J52/270th where a second application of fog seal was applied in June. They finished by travelling M60 to J40/230th Street back to Hwy 71.

With no further business, the Board adjourned at 10:00 a.m. and will meet again Tuesday, August 29, 2017.
